## Who should use our support service

Our support service is designed for teachers and schools, especially those with little or no Erasmus+ experience. Ideally, they should be part of a small internal team dedicated to Erasmus+. Organisations using our support service must be in good faith committed to our FULL package, including all the elements of the Erasmus+ experience (teacher training course, activities and accommodation). **There is no obligation if funding is not secured.**

## Why is it FREE?

Our support service is FREE because we believe in the approval and success of the projects we support. Our interest is in seeing you succeed in securing the funding, as we only benefit when you purchase our FULL package (only if the funding is secured). The details of the FULL package can be found on our “[Prices](#)” page.
